### **INDUS-EM 2010 Academic Summary**

INDUS-EM 2010 will cover a wide expanse of areas in Trauma, Toxicology, Urgent Care, Emergency, and Disaster Medicine. Lecture will focus on common problems like pain management, hemorrhage control, fluid dynamics and ventilation, cum circulation. Workshops expose participants to skill building in ultrasound, fracture stabilization etc. Special effort has been made to include separate tracks and conferences for pediatricians, OB and GYN Emergencies. This conference has also organized special meetings for Nurses and Paramedics providing emergency care in hospitals and during disasters in India. Special Competitions will be held for Medical Students, Residents, Practicing Doctors, Nurses, Paramedics and all delegates.
